

Tematica / Topics:

1. Mișcarea contaminanților în apele subterane / Movement of contaminants in groundwater
2. Procese chimice ce afectează contaminanții din apele subterane / Chemical processes affecting contaminants in groundwater
3. Deșeurile ca materii prime / Wastes as raw materials
4. Schimbări climatice: schimbări observate și cauzele lor; Schimbări climatice viitoare, riscuri și impact / Climate change: Observed changes and their causes, Future climate changes, risks and impact
